## FIRE DEPARTMENT REPORT

---

The Barrington Fire Department responded to 21 calls during 1959. Five of these were for chimney fires, three for building fires, seven grass and brush fires and four calls for use of the resuscitator. A four-wheel drive 3/4 ton pickup was obtained and placed in service.

Consideration is being given to enlarging the fire house to provide for housing the third truck and providing an adequate meeting space.

SUMNER A. HAYES, *Chief.*

## PREVENTION IS EVERYBODY'S BUSINESS

The year 1959 was fortunate from a forest fire standpoint. New Hampshire had the best record in the nation. Fewer acres were burned, suppression costs were substantially reduced and damage to woodlands held to a minimum. The record resulted from a combination of favorable weather conditions, an alert warden service and a cooperating public.

Yet, despite all this, there still persists a disturbing note.

58%, or 6 out of every 10 fires in 1959 were caused by careless smokers and debris burners.

10%, or 1 out of every 9 fires was caused by children.

Careless, indifferent, thoughtless and independent minded individuals and failure of parents to properly supervise children and keep matches out of their reach, annually cause these unnecessary fires which cause large sums to extinguish and cause extensive damage. The elimination

of these three causes of fires would radically change this picture. The rules are simple—

1. Before burning, secure a permit from your local forest warden—the law requires it.
2. Be sure to properly supervise your burning.
3. Make certain your fire is *Dead Out* before leaving it.
4. Don't throw lighted matches, cigars and cigarettes from moving vehicles—use your ash tray.
5. Don't burn at home—Use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires	5
Number of acres burned	5¾
Number of permits issued	72

Two new teachers were welcomed to the staff this year  
Mrs. Sybill Trachier

1954-1956 Danbury State Teachers College  
1956-1958 University of New Hampshire, B.A. Degree

Miss Edith Skidds

1953-1957 New England School of Theology,  
A.B. Degree.  
1958-1959 University of New Hampshire

Competent teachers are always aware of educational changes and to keep abreast with the changes requires professional advancement. Credit is certainly due the following teachers who participated in summer school courses.

Mrs. Fernald, Mrs. Trachier, Miss Skidds, Mrs. Critchett, and Mrs. Hayes.

Your principal, Constance Crosby, was chosen as one of fifteen elementary teachers from the state to work on a Language Arts program for the elementary schools. This was held at the University of New Hampshire for a period of one week.

The opening of school in the fall saw the extra room in the wing being used for the fourth grade; thus for the first time the Barrington School now consists of eight single grades. Some changes in teacher assignments were made as follows:

Grade 2 - Miss Skidds	Grade 6 - Mrs. Trachier
Grade 5 - Miss Crosby	Grade 7 - Mrs. Fernald

The Christmas program, "Christmas Fun in '91" was presented by the students under the supervision of the teachers. Mrs. Muriel Ramsdell was the accompanist.

At graduation, the class presented to the school a microphone and amplifier system. This is certainly a most worthwhile addition to the school and community.

You would be proud to enter your school and observe the efficiency employed by the staff in their teaching methods and programs. This calibre of teaching is more necessary than ever before to prepare the students to pursue higher education. During this critical teacher shortage you are indeed fortunate to have such a fine staff guided by your principal. Constance Crosby.

Your transportation system remains one of the most effective systems in the state.

Freeman Drew, custodian, continues to keep your building in excellent condition. In addition to maintaining eight class rooms, the lunch room, and the auditorium he always finds time to make the many necessary repairs and replacements as well as offering the teachers assistance whenever needed.

The lunch program under the supervision of Mrs. Florence Coughlin and her associates remains popular with both students and teachers.

The staffing of our schools with well-trained and adequately prepared teachers is still a critical problem. A continued shortage of teachers in all areas of instruction and the demand for additional teachers is an acute situation in New Hampshire. A poll taken recently at the Southeastern Superintendents' meeting indicated that there will be needed 131 additional teachers in this area next year. Consequently, the community should exercise every financial effort to retain their better and experienced teachers.

The Barrington School has been equipped with a 21" General Electric TV set. This media will be used to supplement and enrich the present curriculum. WENH-TV, Channel 11, is currently presenting programs in social studies, mathematics, science and foreign languages.

In our American Democracy, the education of our children and the financial support of our schools is largely the responsibility of the local community; however, few people realize the scope of this expenditure in Supervisory Union No. 44, which includes your community. The following data will be of interest to you:

<i>School District</i>		<i>Cost of Building</i>	
<i>Appropriations, 1959-60</i>		<i>Projects, 1959-60</i>	
Barrington	\$ 91,438.25		
Epsom	60,996.87		
Farmington	201,166.95		
Milton	143,408.65		
Northwood	58,459.48	Farmington	\$425,000.00
Nottingham	49,767.00	Milton	300,000.00
Strafford	51,606.94	Strafford	123,000.00
<hr/>		<hr/>	
Total	\$656,844.14	Total	\$848,000.00
Grand Total		\$1,504,843.14	

In conclusion, may I say that during my four and one-half years as your superintendent, many changes have occurred. Because of these changes I am all the more appreciative of the constant cooperation given me by the school board, citizens, teachers, and students.

Respectfully submitted,

RAMON MARTINEAU,

*Superintendent of Schools.*

## SCHOOL HEALTH REPORT

---

*To the Superintendent of Schools:*

During the past year, as part of the school health service, all the pupils in the school have had health inspections, which include checking height, weight, vision, teeth and tonsils. Whenever defects were found the parents were informed either by a house call or letter. Parents have been very cooperative in having these corrected.

A health questionnaire was sent out to all parents in order to bring the health records up to date, so that as complete a record as possible can be kept on each child.

In May a well attended Pre-school clinic was held with Dr. Robert Billings of Rochester present to examine each child and to vaccinate on request of the parents. It was gratifying to have so many mothers present to talk personally with the doctor.

I would like to take this opportunity to thank Mr. Martineau, the School Board, the teachers and parents for their helpfulness during the past year.

Respectfully submitted,

FRANCES L. HARVEY, R. N.
